

Brief History

What started as a cramped flooring shop in Johannesburg some 45 years ago has become a giant flooring distributor servicing clients throughout Southern Africa and the rest of the world. The Thokan Family's initiative over a quarter of a century ago has culminated in one of the greatest and most prolific success stories in the country's history.

Today the WONDER FLOORING GROUP is an entirely B.E.E. compliant operation solely run by H.D.I.'s (Historically Disadvantaged Individuals) with a 100 years of flooring distribution experience between them. A company that boasts a myriad of flooring products, staggering both in volume and variety.

Vision Statement

Innovative Floor Solutions

Innovation is the creation of better or more effective products.

Processes, technologies or ideas that are accepted by markets, governments and society.

Innovation differs from invention in that innovation refers to the use of new ideas or methods, whereas invention refers more directly to the creation of the idea or method itself.

Mission Statement

To provide professional and innovative floor solutions using unique quality products.
